Fundraising Event? Funds Go to Which Account?
As clubs are starting to fundraising projects, you may want to remember a few points: Monies raised from the public ALWAYS go to the public - either a foundation or an activity account; monies raised by Lions for Lions can be for administration.

Congratulations to New Leos and Cubs units of Lions Clubs

DG Busy On-The-Road with Club Visits

District Governor Rosemarie Gabriel has been extremely busy these past several weeks (of both July and August) visiting clubs throughout the sprawling District 21-C. Visits to the high country -- Chino Valley, Prescott -- as well as to the Valley of the Sun -- Scottsdale, Mesa, Phoenix -- are part of her commitment to visit every club in the district to celebrate the Lions Centennial.

At club visitations, she has shared her vision for this 99th Year of Lionism, her effort to engage members and club activities in the four district service projects, and her commitment to help grow the district in membership and service hours. She has been especially thankful for the growth of both LEOs and Cubs in clubs, including Phoenix Barangay and Phoenix Asian-American.
